ENVS 2202 - 100 % On-line class
Summer 2018
Environmental Science

Instructor Dr Sharmistha Basu-Dutt Office 2136 TLC
Phone (678) 839-6018 email: sbdutt@westga.edu

Office hours Email or call me, post questions on the discussion board, or make an appointment for a face-to-face meeting. Feedback will be provided within 24 hours. I am here to help you, do not hesitate to contact me.

Purpose This course covers the elementary principles of interrelationships involved in environmental sciences.

Learning outcomes Students who complete this course will develop: 1) an understanding of the basic concepts in environmental science, **2)** an awareness of the interrelated nature of environmental problems.

Materials All materials are available via Course Den and includes an Introductory Textbook (Chapters 1 – 13), access "The Story of Stuff" movies, information on Environmental Disasters, information on "Sustainability".

General policy

- This class will require self-discipline from the students. Reading and understanding the class material on a regular basis is the key to success. Don't get behind and keep up with class materials and assignments.
- Each assignment has a set deadline which will not be postponed. Not submitting an assignment on time will result in a zero and there is no opportunity for make-up work. Feel free to pace yourself so that you can complete all assignments by the deadline.
- Refer to the student handbook for information on general university policies https://www.westga.edu/administration/vpaa/assets/docs/faculty-resources/common_language_for_course_syllabi_v2.pdf

Grade

Chapter Quizzes (13)	13 x 10 = 130 points
Story of Stuff movie concept map (5 movies)	10 x 5 = 50 points
Environmental Disasters summaries (10 events)	10 x 5 = 50 points
Sustainability summary (1 recent publication)	1 x 20 = 20 points
Environmental project related to UWG	1 x 50 = 50 points

Grade distribution 90%: A, 80 – 89%: B, 70 – 79%: C, 60 – 69%: D, < 60%: F
